Environmental Policy

3. The company will put its environmental policy into practice by pursuing the following objectives.

We will:

- Meet all the relevant legislation, regulations, government guidance and industry codes of practice on environmental issues.
- Recognise and work within our client's environmental policy guidelines.
- Ensure that all our staff have a good understanding of the environmental impacts of our business and what they are expected to do to minimise these impacts as advised in the following procedure document.
- Make efficient use of natural resources by minimising waste and recycling materials wherever possible.
- Keep transport use to a minimum and service vehicles regularly to maintain their efficiency.
- Keep sites clean and tidy to ensure minimum disturbance and disruption to clients and their neighbours.
- Ensure that our suppliers are aware of this policy and encourage them to apply similar environmental standards to their own work.
- Wherever possible obtain materials from sustainable sources.
- Implement Site Waste Management Plans where required.
